## EXECUTIVE SUMMARY

Accomplished Quality Assurance & Testing Leader with over 20 years of experience in building and managing high-performing QA organizations across Life Sciences, Pharmaceuticals, and RFID domains. Currently serving as Head of Testing at ProdEx Technologies, driving global QA operations, and client delivery. Proven track record of partnering with world-class enterprises, including Pfizer, AbbVie, Abbott, Apple, and Google, to deliver high-quality, scalable, and secure solutions. Recognized for expertise in RFID-based application testing, compliance management (ISO 9001:2008), and leading enterprise-wide testing transformations.

## KEY STRENGTHS

- Test Leadership & Strategy | Global QA Management | KPI-Driven Delivery
- Delivery Management | Governance | Cross-Functional Leadership
- RFID Testing & Domain Expertise | Asset Tracking Solutions | IoT Integrations
- Test Automation & Security (Katalon, OWASP ZAP) | Agile & DevOps QA
- Defect Management & Metrics | ISO 9001:2008 Auditing | Continuous Improvement
- Client & Stakeholder Engagement | Onsite–Offshore Model | People Leadership

## Technical Skills & Tools

- **Testing Tools:** Katalon Studio, Selenium, Postman, OWASP ZAP, HP ALM, TestLink, JIRA, Zephyr, qTest
- **CI/CD:** Git, Jenkins, Bitbucket, Azure DevOps
- **RFID Platforms:** Impinj, Zebra, Alien, CSL, Chainway, Android RFID Tablets (P80)
- **Project Governance:** Agile, Scrum, MS Project, Confluence
- **Compliance & Standards:** ISO 9001:2008, GxP, CSV, 21 CFR Part 11
- **Reporting & Analytics:** Power BI, Excel Macros, Tableau
- **Operating Systems:** Windows, Android, Linux

## CAREER EXPERIENCE

### ProdEx Technologies Pvt Ltd | Chennai, India

#### *Head – Testing (Feb 2012 – Oct 31st 2025)*

- Leading QA operations across Web, Mobile, RFID, and Product Testing, with strong domain specialization in RFID-based enterprise solutions.

-Handled delivery planning, resource allocation, governance, client steering discussions, risk reviews, and release readiness.
- Oversee end-to-end test strategy, planning, and execution for global clients across Life Sciences, Pharmaceuticals, and High-Tech sectors.
- Drive automation initiatives using Katalon Studio and strengthen application security with OWASP ZAP penetration testing.
- Build and mentor high-performing QA teams, ensuring process compliance and quality-first culture.
- Partner directly with senior stakeholders from marquee clients including Pfizer, AbbVie, Abbott, Apple, Sandisk, WDC, Edwards, ensuring long-term relationships and successful delivery.

- Key Achievements:
- • Spearheaded RFID testing initiatives, validating multiple enterprise asset-tracking and IoT solutions, improving traceability and reducing defects by 30%.
- • Designed a scalable QA framework that reduced release cycles and improved customer satisfaction scores.
- • Successfully drove ISO 9001:2008 audits as Management Representative, maintaining continuous certification.
- • Consistently recognized by clients for zero-defect releases and outstanding leadership.

**Agaram Instruments Pvt Ltd | Chennai, India**

***Software QA Manager (Jan 2006 – Feb 2012)***

- Directed QA for LIMS products and lab applications, defining test metrics, processes, and audits.
- Acted as ISO 9001:2008 Internal Auditor & Management Representative, ensuring certification compliance.
- Coordinated cross-border projects across Europe and USA, managing QA delivery and customer implementation.

**Gold Edge Software Solutions | Chennai, India**

***Test Engineer (Dec 2002 – Dec 2005)***

- Executed test cases for ePortfolio (Switzerland) project, ensuring high quality releases.

**Vianet Solutions & Microcon International | Bangalore, India**

***Software Developer (1997 – 2002)***

- Early career in software development, transitioning to QA leadership with strong technical foundation.

## EDUCATION
